HISTORY AND ENVIRONMENT

Santa Marta Hotel is located in an exclusive natural setting, surrounded by seven hectares of forest and direct access to the uniquely beautiful beach of Santa Cristina.

01. HISTORY AND ENVIRONMENT

HISTORY

The oldest record that we find of the initial estate of the hotel dates to the end of the 19th century. The origins of the estate come from an old summer manor house owned by **the Rocamora-Batló couple**, who had no descendants. After the death of **Mr. Rocamora**, the main wish of **Mrs. Montserrat Batlló** was to sell the estate to someone in the family, and it was the **Noguera-Batló couple**, who bought it in 1956 that converted it into a high-end hotel, which was named after **Marta Batlló**. Saint Martha is also revered in Spain as the patron saint of the hospitality trade.

01. HISTORIA Y ENTORNO

LOCATION

The **Santa Manta Hotel** is located in Lloret de Mar: on the beach of **Santa Cristina** and very close to the Hermitage with the same name, one of the most beautiful, most iconic and historically significant locations on the Costa Brava. The current estate that surrounds the hotel has 7 hectares of forest and ends at **Santa Cristina Beach** with direct access to it. The paths that pass through the estate enable us to admire its rich variety of plant life. A special, different ecosystem, where merely describing it is not enough. You must live it; you must enjoy every moment of the magic of our environment.

02.

GASTRONOMY

Everything related to the gastronomic world of Santa Marta is led by Chef Jesús Niño, who has extensive experience in the sector both in this country and internationally.

The hotel has 3 main gastronomic spaces: **Restaurant 58** and **Santa Marta Bar**, located in the main building and **Santa Mar Restaurant** in the beach area.

There is also the bar at the **Santa Marta Beach Club**, which offers a range of traditional snacks.

03. GASTRONOMY

RESTAURANT 58

This is the gastronomic restaurant of **Santa Marta**, where you can enjoy with all your senses the dishes of Chef Jesús Niño.

A restaurant with traditional roots, based on seasonal and local produce, which updates and lightens the seafood recipes of the Costa Brava and Catalonia to be able to enjoy it every day.

To complement the menu prepared by the Chef, we recommend that our guests try some of our dishes that have characterised us year after year and that are prepared in front of the client, such as Crêpes Suzette, veal tartare or strawberries with pepper.

In summer and whenever the weather permits, Restaurant 58 relocates to the hotel gardens with views of the sea and surrounded by the vegetation of the estate. In colder times we move the space inside the building, also with the panoramic view of the Mediterranean as the main attraction.

03. GASTRONOMY

SANTA MARTA BAR

The terrace of the **Santa Marta Bar** is one of the star spaces of the hotel. Its location and unique setting combined with the lighter dishes by our Chef Jesús Niño is a unique experience. If you visit the hotel, you simply must check out this space and sample our cuisine and our cocktails or mixed drinks.

Culinary demonstrations on diverse themes and products are held in this space in the summer months.

In the winter months, the indoor lounge is a haven of peace where you can relax with a good book by the fireplace.

03. GASTRONOMY

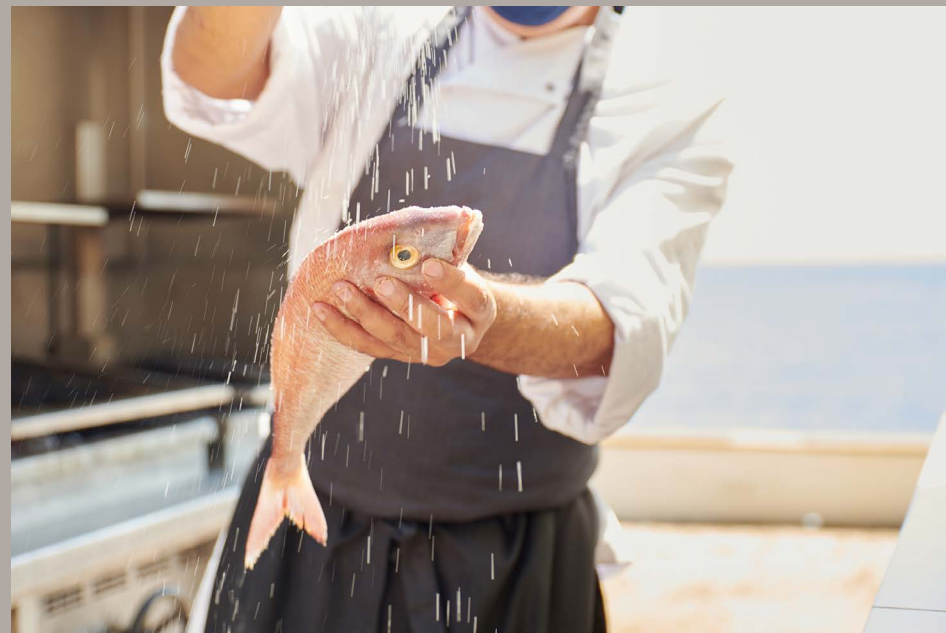

RESTAURANT SantaMar

As soon as the weather permits, the **Santa Mar Restaurant** opens its doors.

We bring the essence of fine cuisine and local sourced products to the perfect setting: our pine forest next to Santa Cristina beach.

In the Santa Mar fishmongers, the customer buys the product and directly cooks it on our barbecue: Grouper, Lobster, Scampi, Blanes Prawns, San Pedro, Dorada, Carabineiros, Snapper, Sole, Lobster, Turbot, Oysters and Shellfish in general. This gastronomy accompanies the **Santa Mar Beach Club** experience.

On some summer nights, special dinners with a musical accompaniment are organised for our guests and people from the surrounding area.

03. GASTRONOMY

SantaMar BEACH CLUB

The **Beach Club** is located on the edge of Santa Cristina Beach, and offers unique and exclusive leisure services to enjoy a day at the beach.

The rest area near the pool offers the necessary comfort to be able to relax and enjoy the sun on summer days.

On the other hand, there is the possibility of occupying a more exclusive area with special services included in the rental price of this area.

The **Beach Club Bar** offers all kinds of drinks and cocktails along with a range of traditional snacks.

The beach is open to all hotel guests staying at the hotel, and when occupancy allows, we offer non-staying guests the possibility of coming to spend a day with us with the Day Pass (daytime only).

04.
